**Transgender subjectivities : a clinician's guide (Book**

transgender subjectivities a clinician guide journal of gay am The field of psychology has only recently begun to conceptualize an affirmative, or "transpositive" approach to working effectively with transgender clients in therapy. Such an approach encourages therapists to resist pathologizing discourses, or ascribing a clinical diagnosis where it does not always fit (Lev, 2004).Transgender subjectivities : a clinician's guide (Book
